Skin Restoring Acne Serum
This oil-free serum is specifically designed to purify the skin and promote the elimination of dead cells. It contains phytonutrient actives that penetrate pores, mitigate *P. acnes* proliferation, and clear acne blemishes at the source. Unlike traditional approaches, treatment with naturally derived salicylic acid helps reclaim microflora balance on the skin and gently and effectively treat acne. Clinically studied organic black currant and pine fermented extract offer prebiotic benefits, while promoting the appearance of a youthful, vibrant complexion.

The Skin Restoring Acne Serum is the second step in the SophytoPRO® Skin Restore System. SophytoPRO® is an innovative skin care line that harvests the power of botanicals to promote naturally healthy-looking skin. Unlike traditional skin care approaches, SophytoPRO® actively transforms the health of the skin by optimizing pH levels and moisture content. Our products help all skin types look and feel more radiant, naturally.

99.99% effective in 30 seconds

Skin Restoring Acne Serum with 1% natural salicylic acid: *Propionibacterium acnes*

The Power of Nature: Botanical Prebiotics

Black currant and pine
Studies show an organic, fermented blend of black currant and pine needle can help promote balanced, healthy-looking skin. Initial screening was performed in vitro by measuring the extract against bacterial cultures to estimate organism counts.³

Wintergreen: Natural salicylic acid
Obtained by the extraction and purification of wintergreen leaves, this ingredient complies with US regulations for use in OTC topical drug products. It is a completely natural ingredient perfectly suited for acne-prone, as well as scaly and seborrheic, skin.⁴

Directions:
Pat a couple of drops onto cleansed skin.

Skin Restoring Acne Serum
Inactive Ingredients: Aqua (water), alcohol denat†, glycerin*, salix nigra (black willow) bark extract, vaccinium myrtillus (bilberry) fruit extract, pinus nigra bud/needle extract*, ribes nigrum (black currant) fruit extract*, salix alba (white willow) bark extract*, spraea ulmana (meadowsweet) flower extract*, xanthan gum, saccharum officinarum (sugar cane) extract, aloe barbadensis leaf juice*, levulinic acid§, citrus aurantium dulcis (orange) fruit extract, citrus limon (lemon) fruit extract, sodium levulinata§, acer saccharin (sugar maple) extract, potassium sorbate§, citric acid, sodium benzoate§.

§ EU Cosmetics Directive approved preservatives considered to be the “natural alternatives” for use in more natural-based personal care products.
* Organic, agricultural ingredients are produced organically.
† Made from organic cane sugar alcohol.
